Universal Dealer Services

An insurance agent inside your dealership.

Free to your store, and we pay you rent.

A licensed, bilingual agent at a desk in your store handles the insurance step of every sale.

WHAT YOUR STORE GETS

Every delivery verified

We check each customer's coverage with the carrier before the keys move. No insurance? We write a policy on the spot.

More room for F&I

We shop each customer's insurance for free. When their payment goes down, that money can go to the products your F&I office sells.

English and Spanish

Every customer handles the insurance step in their own language, so the deal keeps moving.

HOW WE START

1. 30-minute walkthrough of your store
2. Free review of your last 90 days of deliveries
3. 60-day pilot at one store
